# Flandria Orchids

"Small Quantity" Price List

Under an exclusive arrangement with McHutchison & Co., 95 Chambers St., New York, exclusive representatives in the United States for Flandria orchids, I am offering Flandria orchids in smaller lots than the minimum order which McHutchison & Co., as importers, require. Under this arrangement, I consolidate a number of small orders into a large one, order the total number of plants for shipment to me in one lot. When they are received, I re-pack according to the individual orders placed with me and re-ship to the purchaser.

The plants listed are identical with those on McHutchison & Co. list and of the same quality you would receive if you ordered \$200 worth or more.

**PRICES:** The prices shown on this list are the per plant price f.o.b. ship at Antwerp, as quoted by McHutchison & Co., plus duty, insurance, transportation and other charges, and a moderate profit to me to cover assembling small lot orders, handling, re-packing and re-shipping to you. You buy the plants f.o.b. Birmingham, Ala., and all you pay beyond the purchase price is the express charge from Birmingham to your doorstep.

**TERMS:** Terms are cash with order. If, within a reasonable time, sufficient small orders are not received to total a large order, your money will be refunded.

**WARRANTY:** Neither I, nor McHutchison & Co. warrant these plants as to productiveness. McHutchison & Co., has, however, had many years of dealing with Flandria and find them to be honorable. Many purchasers of Flandria orchid plants in large quantities re-order from year to year. I believe the plants to be as represented. All sales are final.

**TIME OF SHIPMENT:** During normal shipping season, approximately one month to two months will elapse from the time I receive your order and delivery of your plants to you. Orders placed during the winter months are shipped in the Spring or as soon as weather permits. Shipments from Birmingham will be via Railway Express unless you specify otherwise.

**SUBSTITUTIONS:** There are larger quantities of some varieties listed than of others. *It is therefore necessary that you indicate a second preference, or give me permission to specify some other variety with the same general qualities as the plants you order.*

**MINIMUM ORDER:** I will accept orders for as little as one plant of colored varieties. When whites are ordered, it is necessary that at least two colored varieties be ordered with each white, as Flandria will not accept orders calling for more than 1/3 whites.

## FLANDRIA ADULT ORCHID PLANTS HAVING 4-6 BULBS WITH LEAVES

| Parentage, Approximate Flowering Season and Description  | Price   | Parentage, Approximate Flowering Season and Description  | Price |
|--|---------|--|-------|
| Lc. ISABEL SANDER x C. HARDYANA<br>Aug.-Oct. Petals and sepals, pure white, dark veined lip  | \$37.50 | Bc. ROI LEOPOLD (C. Pauwelsii x Bc. Sindoro)<br>Apr.-May. One of the very best Brassos. Very large, strong flowers, rose to dark mauve-rose. Lip mostly deep magenta-crimson | 27.00 |

Mr. C. M. Kilian,  
210 Yorkshire Drive,  
Birmingham, Alabama.

Dear Mr. Kilian:

THE BUYER AND SELLER AGREES THAT THE SELLER GIVES NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE PRODUCTIVENESS OF THE STOCK HEREBY OFFERED, AND ITS RETENTION FOR TEN DAYS AFTER RECEIPT BY THE BUYER WITHOUT COMPLAINT IN WRITING, CONSTITUTES A DEFINITE ACCEPTANCE THEREOF BY THE BUYER. ALL GROWING STOCK IS OFFERED SUBJECT TO CROP.

We are glad, through the exclusive arrangement worked out with you, to be able to make Flandria orchids available to the hobbyist and small grower who may not want to buy \$200 worth of Flandria plants at one time.

By assembling these small orders into one large order, you are doing the small purchaser a distinct service. We would like to accomodate them by accepting orders smaller than \$200 for Flandria plants, but as we are quantity importers, we are not set up to break large lots of imported plants into small lots for re-shipment.

The charge per plant you are making for assembling a number of small orders into a larger one, repacking and re-shipping to individual purchasers seems to us to be fair.

We have reviewed your advertisement and letter and think that you make it amply clear that we will be glad to deal directly with persons who wish to purchase \$200 or more worth of Flandria orchids at one time.

Trusting that through your efforts a large number of orchid fanciers will have the opportunity of acquiring Flandria orchid plants, we are

Sincerely yours,

McHUTCHISON & CO.
